WORK EXPERIENCE

DESIGNER | DESIGN & CO | 2014-Present

As a designer at D&CO I work on website and brand development projects from concept to completion. Working directly with clients ranging from small biotech companies to larger architecture firms. Designing and concepting, researching for competitive analysis, building high fidelity prototypes in browser, and helping to debug websites are some of my many responsibilities at Design & Company.

ASSISTANT MANAGER OF THE COMPUTER ARTS CENTER | MASSART | 2012-2014

I led the Computer Arts Center; monitoring staff, helping to train new staff, and providing technical support to faculty and staff. Troubleshooting over seventy printers, solving software issues, and managing the Computer Arts Center inventory were also my responsibility. I also took over the task of Web Content Manager for the MassArt Technology Department.

OTHER EXPERIENCE

TEACHING ASSISTANT FOR GRAPHIC DESIGN II | 2011

Led class critiques of students' projects, alongside professor Chaz-Maviyane Davies. Acted as a resource outside of class, providing assistance to students by clarifying class critiques, discussing questions on material not addressed in class, and assisting in planning production details.

CROSSING THE POND ABROAD TRIP, LONDON, UK & DUBLIN, IE | 2011

Visited multiple design studios and met with working designers in London and Dublin. Partnered with a group of National College of Art and Design students on a video-based collaborative design project.

CURATION

MASSART ALL-SCHOOL SHOW | 2012

As the Graphic Design curator, I was responsible for every aspect of the exhibit, including finding, collecting, judging, and hanging the works that were in the 2012 All-School Show.
